MEMORANDUM FOR: Director of Training and Education

VIA: Associate Deputy Director for Intelligence

FROM: [REDACTED]  
Director of Soviet AnalysisSUBJECT: Full-time External Training During  
1984-1985 for [REDACTED]

1. Full-time external training approval is requested for [REDACTED] during the 1984-1985 academic year. The training would begin in June 1984. [REDACTED] was reassigned in July 1982 from Soviet military analysis to a new position where she is responsible for research and analysis on the Soviet economy. Her new responsibilities are broad and complex and require additional economic and Soviet studies skills. [REDACTED] has made a strong start in acquiring the needed new skills through on-the-job training and external academic coursework taken on her own initiative. The requested full-time academic training will speed up the skills accumulation process. This should allow [REDACTED] to return, after one year, to her duties well-grounded in Soviet economic issues and better able to perform her day-to-day duties.

2. To satisfy her skill requirements, [REDACTED] will attend George Washington University, and will take ten courses (30 credit hours) focusing on graduate level Soviet economics. A tentative schedule of preferred and alternative classes is attached. This full-time training is estimated to cost \$8,200, which includes tuition, university fees, and textbooks.
